

EFG EXPRESS

When you need your furniture yesterday ...

Usually we manufacture our furniture to order. This enables us to offer a more varied choice of different fabrics, finishes, colours, and combinations. But sometimes there just isn't enough time. This ultimately becomes your time. Maybe you've just started a new company or perhaps you are expanding an existing one.

To save 'your time', we've created EFG Express. This express service is available on a selection of items from our main furniture ranges. Once we've received your order, these items will normally be ready to leave our factory in five working days.

Incorporated into the Express range are three great solutions that can create a more adaptable and inspiring office environment. This includes the sit/stand table range, mobile storage, and EFG Milagro, the only office chair that unites freefloat and synchro action into one simple function, Indapt™.

Natural beech range (R1)

Frame and accessories in black structure

Natural beech R1 IB 24 Black structure (RAL 9005) IM

Natural birch range (B1)

Frame and accessories in metallic grey

Natural birch B1 IA 22 Metallic grey (RAL 9007) IL

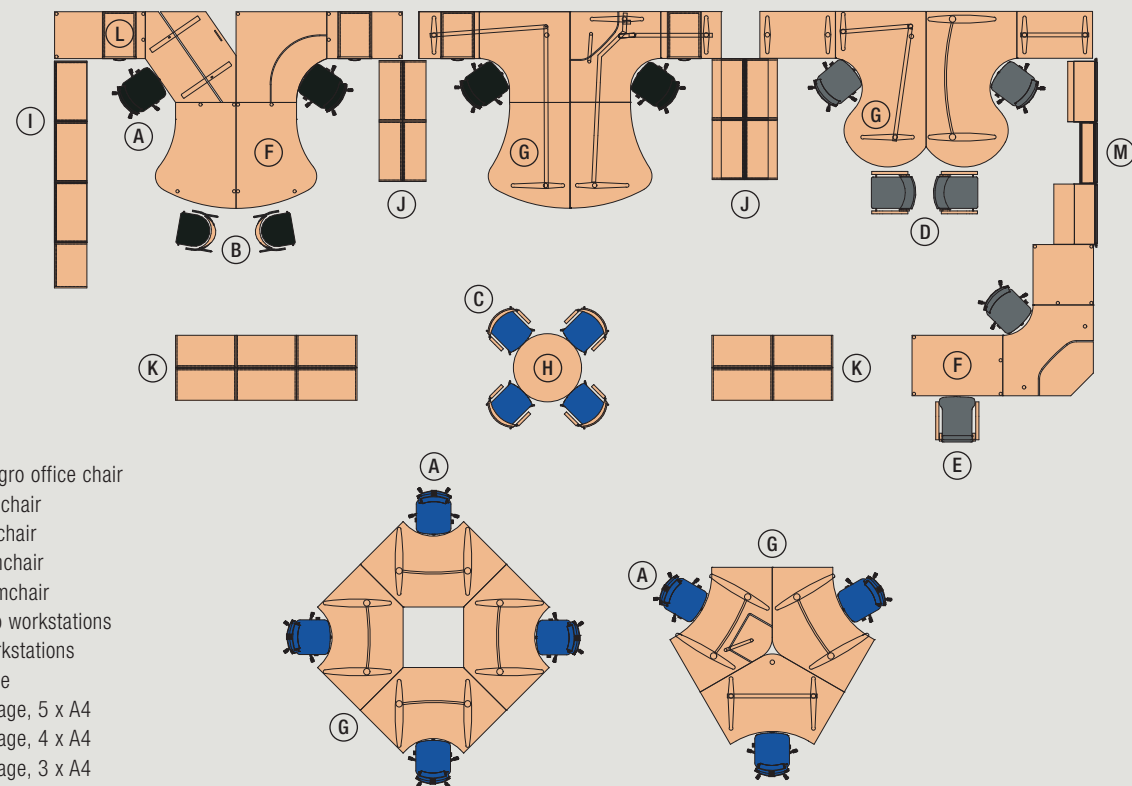

The widest and fastest range on the market

The EFG Express range has everything you need from simple workstations to more complex office systems.

This not only includes traditional desks, but also consists of sit/stand tables, which are ideal for more flexible working positions. Naturally both have smart options too, such as VDU screen supports. You'll also find chairs for co-workers and peers alike. There's a range of storage and wall systems. Not to mention tables for coffee breaks and conferences ...

Your choice will reflect your own unique requirements. And of course we can satisfy this from a our standard range. But with EFG you also get a more flexible solution which can make furniture expansion easy.

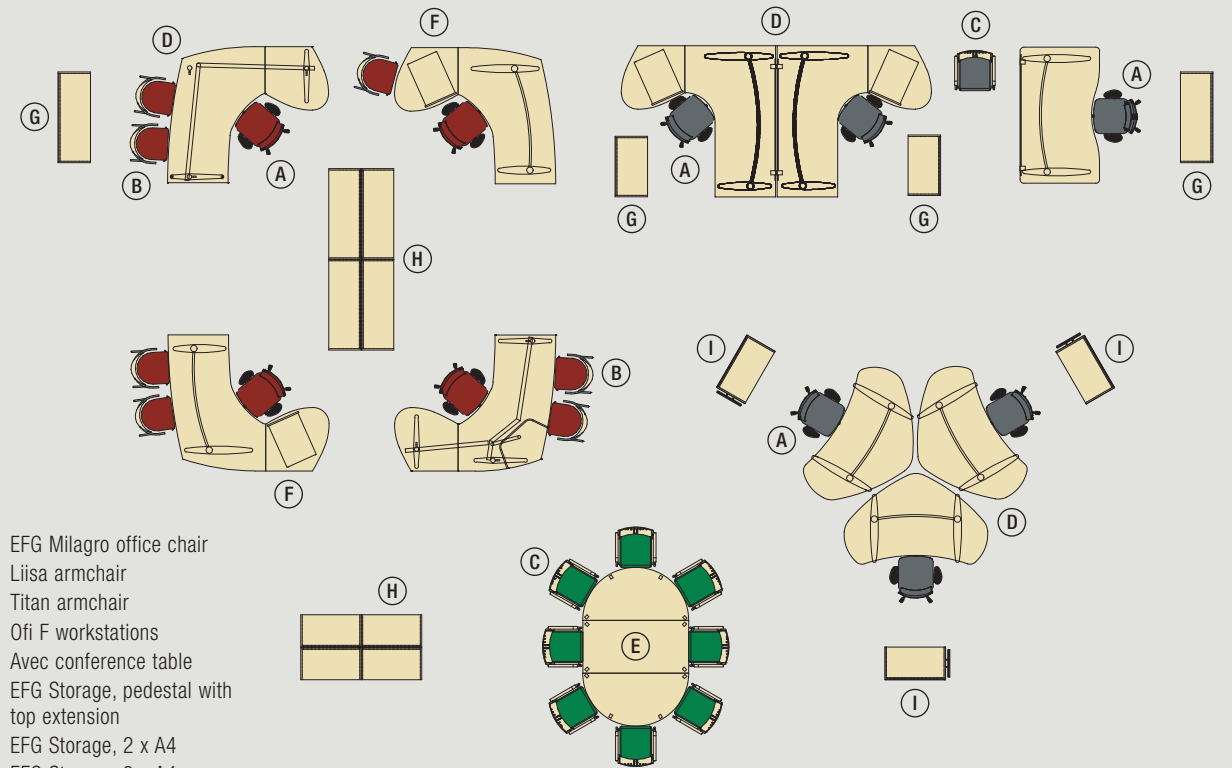

1 Example of beech range

- A. EFG Milagro office chair
- B. Liisa armchair
- C. Ofy armchair
- D. Titan armchair
- E. Benty armchair
- F. Team Pro workstations
- G. Ofi S workstations

When? Where? How?

EFG Express goods normally leave our factory in five working days from the receipt of your order. But of course, this isn't limited to only one workstation. We can provide this same level of service for up to ten workstations for each order.

In this brochure we've given you a taste of what's included in EFG Express. You'll find details of the entire range and the conditions of sale in our EFG Price list. This is also available on our customer portal, EFG Support – just follow the link from our website, www.efg-online.com. But the best source of information is, as always, our sales staff.

EFG Express does not only feature traditional workstations, but also the Team ProWall wall system (shown here with the EFG Milagro office chair) ...

... restaurant furniture, Liisa armchairs and Avec tables ...

... and conference furniture. Above: Offy armchair and Avec table.
